FOR PRESCHOOLS AND DAYCARES

THE DIG ZONE USA

The field trip that comes to them.

We park in your lot, your class walks up, digs, builds, and heads back in. No bus, no permission slips for a ride.

- Short visits, one small group at a time
- Hard hats for every child
- Our crew runs every minute, start to finish
- Hands-on early STEM: cause and effect, balance, teamwork
- Rain or shine, the play happens inside the truck
- A safety talk before the site opens
